COVENANT RECOVERY CENTER

INTRODUCTION

Covenant Recovery Center is a faith-based residential facility for men who have recently been released from incarceration or homelessness. Our program is up to (12) twelve-month period, and those who become Residents here will dedicate their time to re-entry and transitioning to a healthy lifestyle and new beginning. Residents receive emotional and spiritual support, and they are encouraged to set realistic and attainable goals for the future, and to make informed choices that will empower them to live with dignity in their community and reunite with their families.

Employment readiness, educational opportunities and actual job development are an important part of assisting Covenant Recovery Center residents to become self-sufficient individuals.

Applicants must have a committed desire to change. A safe place for healing has been created that can help men who struggle life controlling problems and addictions. This ministry has a comfortable, yet controlled environment that helps residents attain recovery, healing, and restoration.

Mission Statement– To provide a safe faith-based environment with comprehensive services for men to successfully transition into society after incarceration or homelessness.

Covenant Recovery Overview of Services that may be provided.

- **Residents will be provided with a case manager to work individually with them regarding specific needs like, Identification, parole, probationary appointments.**
- **Alcohol and drug assessment will determine referrals to a community-based inpatient/outpatient program.**
- **Residents will be in our Job readiness program until after the 90-day orientation period or until they find employment.**
- **Lunches, Food items, basic hygiene and some clothing will be provided by CWC while in the job readiness program.**
- **Once the resident obtains a job, a 50.00 rental fee to be paid weekly or bi-weekly depending on resident pay period. Residents will then be responsible for food items.**
- **Transportation will be provided to and from the job readiness and worksite for each resident.**
- **Weekly visits to the store for basic needs will be provided.**
- **Educational opportunities and vocational programs, group classes like life skills, financial classes, bible studies, Bible College classes at CWCI, church attendance.**
- **Resident Goals are to save enough money over a 12-month period to successfully transition. Residents will utilize up to 30 percent of their income for basic needs and the ministry will save the remaining 70 percent to meet the goals of their transition plan.**
